Why  
Increase  
Car Fares  
?

Since 1931 Food and other Things have  
increased in Price:

Bread .....	50%	Milk .....	89%
Bacon .....	133%	Gasoline .....	51%
New Gas Buses (per seat) .....	67%		
Street railway wages, extra benefits not included .....	59%		

(Further wage increases are under  
consideration).

There has been NO change in  
street car fares since 1931.

In the past nine years alone street railway  
operating costs have increased 41%.

# CITY HYDRO

HAS ANOTHER SUCCESSFUL YEAR . . .

In 1947, for the second successive year, City Hydro made a record profit. This electric utility, which is owned by the people of Winnipeg, showed a surplus of over \$1,150,000.

Of this sum, \$453,800 has been contributed to the general funds of the City of Winnipeg to ease the taxpayers' burden. This makes over \$3,000,000 contributed from Hydro surpluses to the City's treasury in the last ten years.

It can truly be said that City Hydro is one of Winnipeg's greatest assets.
